**PETITION FOR RULEMAKING**

Victor Broadcasting of Idaho ("Victor Broadcasting"), by counsel, hereby petitions the Federal Communications Commission for the initiation of a rulemaking proceeding to amend the FM Table of Allotments, Section 73.202 of the Commission's Rules, to assign FM Channel 270A to the community of Victor, Idaho, as follows:

City	Present	Proposed
Victor, Idaho	None	270A

1. As indicated in the attached Engineering Statement (attached hereto as Exhibit 1), Channel 270A can be assigned to Victor in complete compliance with the Commission's distance separation requirements as contained in 47 CFR §73.207. The reference coordinates of 43-36-09 N, 111-06-50 W will show the 70 dbu (city-grade) contour entirely encompassing the city of Victor, Idaho. Additionally, there is a sufficient area available for placing an appropriate transmitter.

2. Victor is a city located in Teton County, Idaho. According to the 1990 US Census, Victor has a population of 292. Victor is located at the junction of state highways 31 and 33 in Eastern Idaho. This area is one of the most visited regions by the motorcoach market. Victor has a dude ranch and a community playhouse. At present, the community is not receiving local community service from any aural service. Therefore, the public interest will be served by the assignment of Channel 270A to Victor, Idaho.

3. If the Commission assigns Channel 270A to Victor, Idaho, Victor Broadcasting will apply for a construction permit and will construct a new facility upon award of that permit.

**WHEREFORE**, in accordance with the above, Victor Broadcasting of Idaho respectfully requests that Channel 270A be assigned to Victor, Idaho.
